

CLASSIC

Simple and Effortless

The **Classic** is a well designed and uncomplicated system; The perfect choice for a traditional setting. **Classic** has been installed in thousands of buildings across North America.

Secure

Protect your signs from unwanted tampering. The liners are updated easily using the Insign quick change probe. The durable construction ensures your message will stand the test of time.

Integrated

Everything comes together with the integrated **Classic** system allowing for easy orientation. A wide range of standard sizes and specialty formats simplify the process of leading people to the right place.

Finishes

Classic Insign offers a wide array of finishes including back painted acrylic with standard routed edge, or radius polished for an elegant look. Metalbrite is also available in an assortment of colours with brushed, matte or polished finishes.

Guarantee

We are committed to quality. **INSIGN** products are guaranteed to be free from defect in materials and workmanship under normal consumer use for 5 years after product is supplied or installed.

System Features

Classic is available with a non-glare acrylic face that is back painted a custom colour or a standard laminate finish on plaque formats.

Back Plates are made of a durable plastic to add stability and strength. They can be custom painted or have a laminate applied in any colour for use with clear liners.

Standard **liners** are made from a coloured vinyl polymer with text and/or graphics applied to the liner. Liners are sandwiched between the face and back plate. Information or image can be changed by inserting the quick change probe into the side of the sign and sliding out the notched liner. **INdependence System** users have the ability to create messaging in house from supplied templates or **INService** provides quick convenient system support.

Classic meets the requirements of the **Americans with Disabilities Act (ADA)** with tactile and braille options for the visually impaired. This feature maintains the changeability of the full plaque range.

Available Formats: Central Directory Sub-Directory Wayfinding Plaques
